

INSTRUMENT DESIGN & MFG. CO.

Hybrid Injector Needle Driver™

With Posi-Lock Trigger™

The Hybrid Injector Needle Driver™ brings our innovation to a new level. This driver culminates the best aspects of the Injector Needle Driver™ and the Classic Injector Needle Driver II™

- Classic Injector Needle Driver II™ Posi-Lock Mechanism
- Injector Needle Driver™ Four Finger Grip
- Smooth pull and Dependable Trigger Action
- Durable Stainless Steel and Lightweight Delrin
- Spring Clip to Retain Needle

Posi-Lock Trigger™ prevents misfires when trigger is pulled. Unique design makes positive engagement with hammer eliminating a long history of problems with this design.

The Hybrid Injector Needle Driver™ will fit very comfortably into your hand, featuring a grip that can easily be pulled with all four fingers.

The Hybrid Injector Needle Driver™ is available from leading Prep Room Suppliers. Check out our web site at www.embalminginstrument.com for our product videos, repair tutorials and embalming instruments, from Trocars to our Vacua Hydro Aspirator™

The nonfunctional ornamental design of this product is a Trade Mark of Instrument Design & Mfg. Co.
